Adventures from LOMIK Camps & Retreat Centers

## Message from the Executive Director

Dear Camp Friends,

Looking ahead to another incredible summer at the LOMIK Camps of Lake Luther, Lutheran Hills, and Lutherwald, we feel energized by what awaits your campers! Summer camp is more than a week away from home. It's a chance for kids to unplug from technology, step into God's creation, and rediscover the joy of simply being a kid.

Campers make real friendships at camp – the kind built through shared adventures, cabin laughter, campfires and nightly devotions. They learn social skills that matter: cooperation, communication, problem-solving, and how to live in community with others. They grow in faith as they explore God's Word, ask big questions, and experience God's love through caring counselors and meaningful worship.

And of course, they run, swim, climb, play, and be active outdoors in ways that spark confidence and joy. Most importantly, they have fun – the kind of fun that fills them with memories they'll carry for years.

We're so excited to welcome your campers to a summer full of growth, friendship, faith, and adventure. It's going to be a great season at LOMIK!
